

A COMPLETE BATHROOM SOLUTION
ARBO BATHWARE

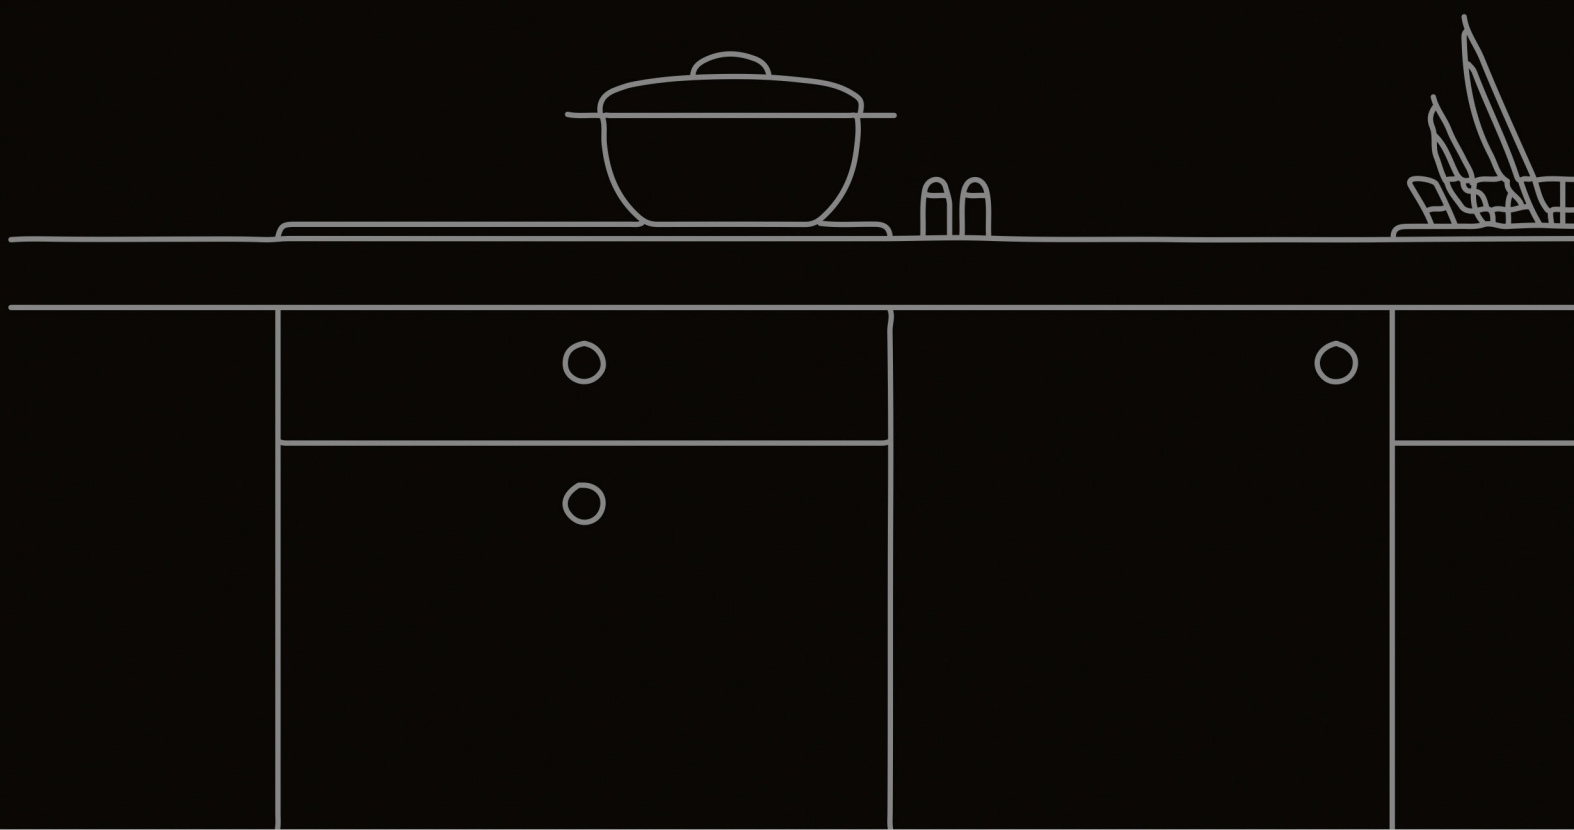

JULY - 2022

WE MAKE
A DIFFERENCE
THROUGH INNOVATION

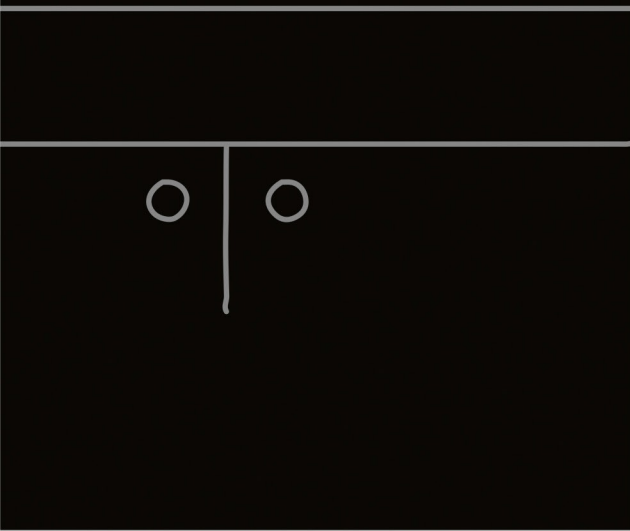

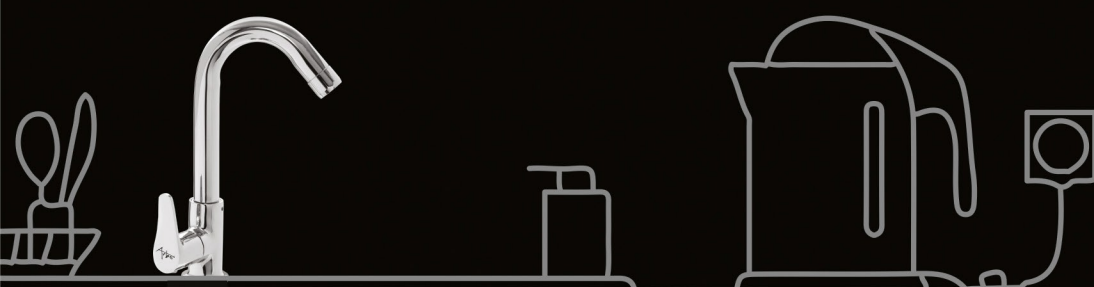

COMPANY

PORTFOLIO

ARBO BATHWARE stands for the Indian excellence of sanitary Taps. The industrial group represents the best brands in sector, which are Made in India but at the same time projected to the international market. ARBO means: reliability, practice, cutting edge design, and attention to surrounding environment. The brands that are parts of the group pay serious attention to the quality of the Material and to the research of new technologies which Allow production of high-quality items with competitive Prices When it comes to Arbo Bathware, we can identify Family of companies with an Indian heart, which exports Abroad it's consolidated know-how in terms of production, distribution and strategic alliance in different countries.

www.arbobath.com

With elegant and exclusive design collection in different size that are ready to suit any bath space. Transform your bath space into gorgeous looks and become the center of attraction.

ARBO TECHNOLOGY

In order to deliver superlative products, we constantly engage ourselves with the changing trends and promptly adapt the best practices that ensure better results. Our penchant for perfection allows us to incorporate the latest technology for innovation at production assembly. Harnessed with the latest tools, technology and equipment, our manufacturing facility is today become an epicenter of excellence.

DRIVEN BY EXCELLENCE, FOR QUALITY OUTPUT

At Arbo, our quality principles are set to the highest levels and are at par with the international standards. We believe in delivering only the best to our end consumers and share the resultant glory with the entire family of our dealers.

OUR PHILOSOPHY

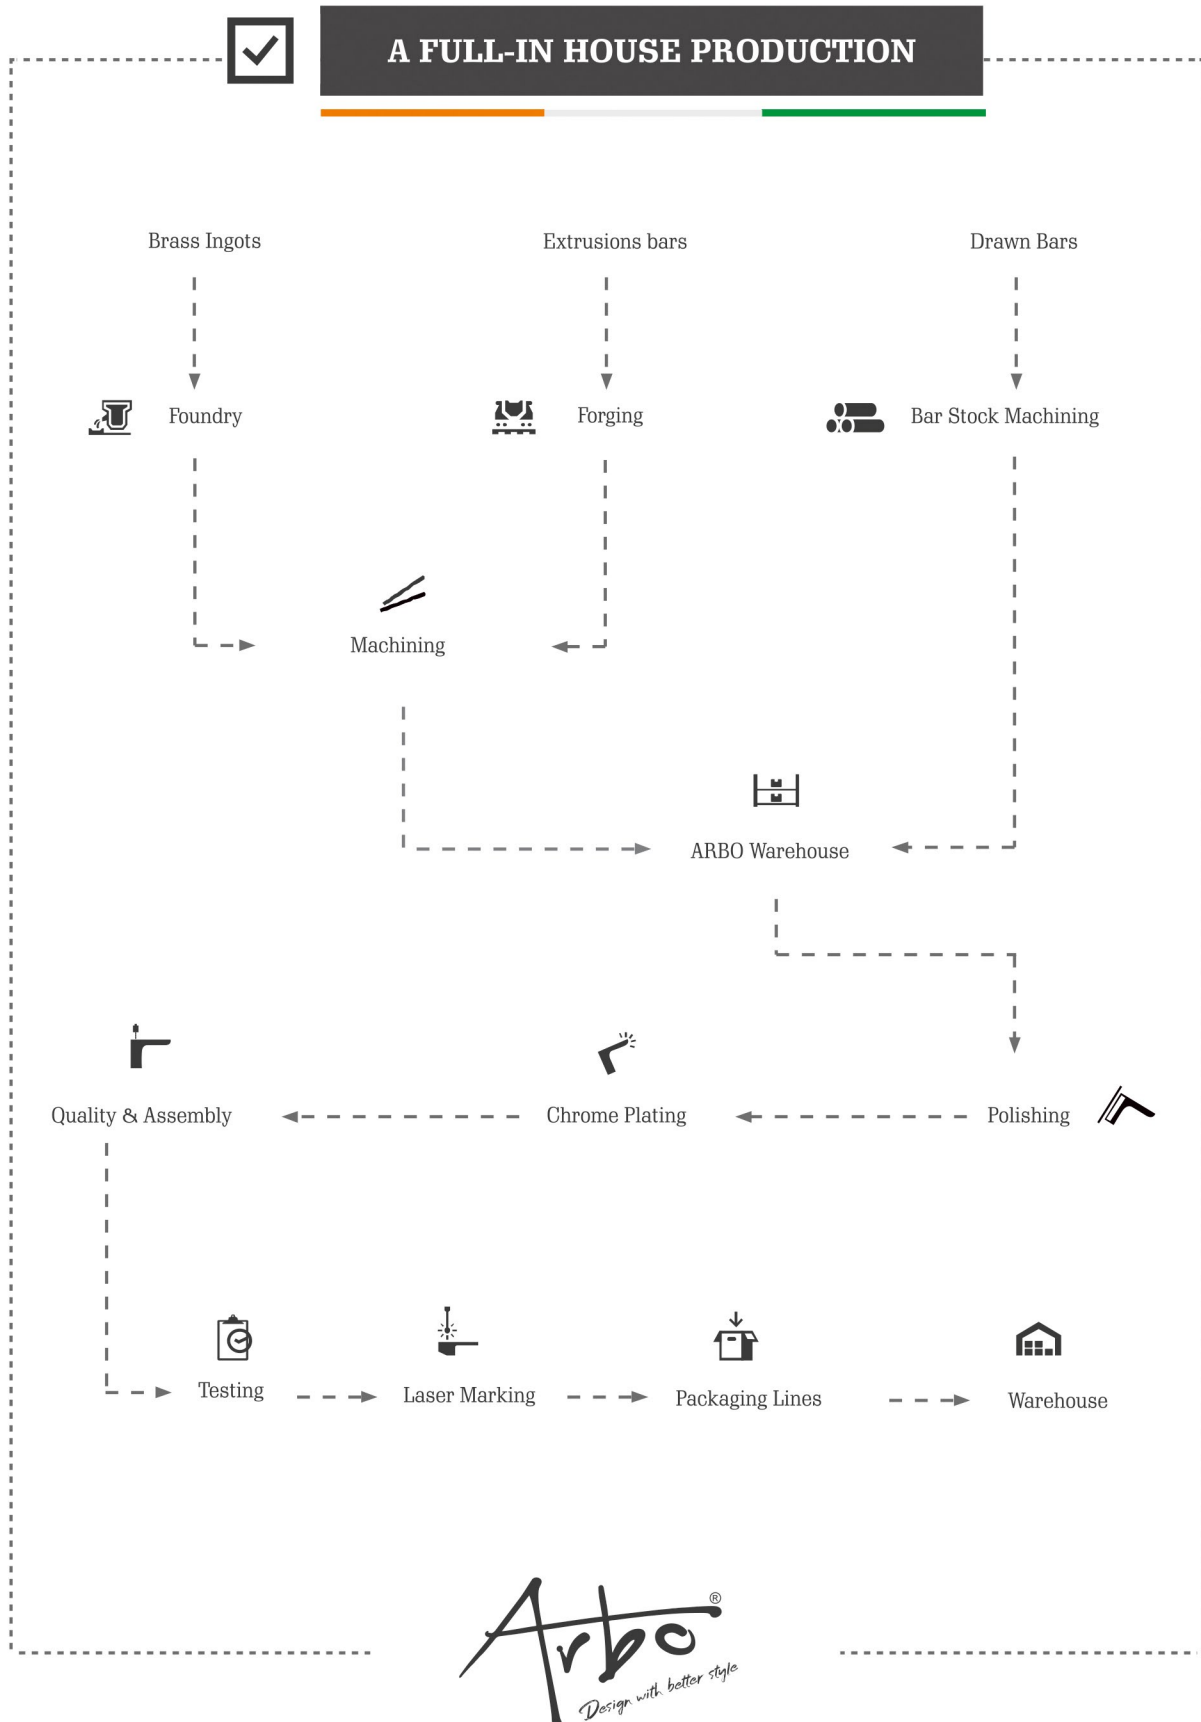

Deliver more than expectation, and your customer will come back to you only. This is the mantra that we have ingrained into our corporate culture and at every stage we ensure we surpass the conventional limits of expectations – be it material quality, delivery timeline or consumer delight.

ARBO TODAY

After establishing ourselves as prominent brand in domestic markets, we are all set to sail into other territories where quality products are in huge demand. With our expansion plans in action, we are triggering a chain of market acquisition spree with our highly acclaimed products. While we rev up our production capacity, we duly ensure our marketing and service network also grows in harmony.

The Production

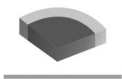

WHY ARBO

100% MADE IN INDIA

High quality construction and culture of materials to ensure a product made in the best way
Products and Design 100 % made in India.

DOUBLE PLATING

All ARBO BATHWARE faucets are Double Plate, which are characterized by a double chrome plating and double nickel plating to grant the product a long life.

EASY TO ASSEMBLE

The installation of the product is easy thanks to clear instruction included.

SOFT MOVE & LONG LIFE

Special Cartridges to ensure smooth movement of single lever faucet. Cartridges and spindles tested for over 5 lakh cycles, assuring long life of faucet.

ARBO SILKMOVE

Smoothest handling for effortless precision and ultimate comfort for a lifetime.

ARBO STARLIGHT

Made-to-last surfaces ranging from precious matt to shiny like a diamond.

WARRANTY

ARBO BATHWARE products are subjected to strict controls during every step of the production cycle to provide the best guarantees on the quality of the product. For this reason, the ARBO taps are warranted against manufacturing defects for a period of 7 years.

WATER SAVING UP TO 40%

The ARBO BATHWARE products are studied in order to allow the maximum water saving but preserving the comfort and usability. With its ranges, ARBO BATH saves 10 liters of water a day per person (compared with 25 liters on average from a conventional tap). A solution which can save 3650 liters of water per person each year.

SHOWERS

NORMAL SPRAY

A great all-encompassing spray pattern with a refreshing and relaxing effect. Its universal appeal makes it a great all-rounder.

RAIN SPRAY

Wide and luxurious — a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

SOFT SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

CASCADE SPRAY

The name says it all. A soft stream of pure water delivered from the centre of the shower head — reminiscent of a fresh, mountain spring.

MIST SPRAY

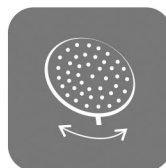

A great all-encompassing spray pattern with a refreshing and relaxing effect. Its universal appeal makes it a great all-rounder.

FEATURES

Advanced Rubit Technology

A feature that keeps showers clean and increases their longevity. Since the spray jets on the showers are made from elastic silicone, they ensure that no limescale deposits stick to the shower face. Even if they do, they can be easily rubbed off by hand or flannel.

Click Position System

Arbo multi-function showers feature the convenient click mechanism. You can feel and hear the click while changing the function of the shower sprays.

Switch Position System

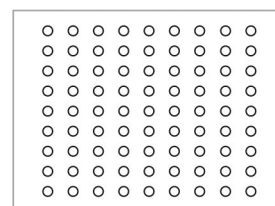

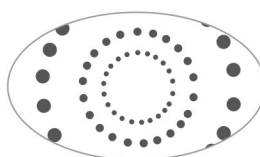

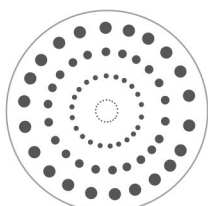

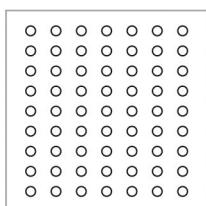

Arbo multi-function showers feature the convenient switch mechanism. You can feel and hear the switch while On-Off the function of the shower sprays.

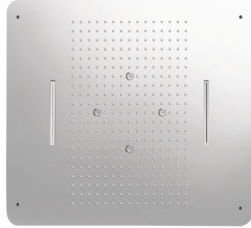

Arbo Booster Technology

Arbo Booster Technology creates the sensation of a full shower regardless of the water pressure.

EASE OF INSTALLATION ARBO CONCEALED CISTERNS

The Arbo concealed cistern is characterised by rapid installation and universal connection options. Another installation advantage that delivers Clear time saving is the fastenning technology of the retaining frame for mounting the flush plate directly on the cistern.

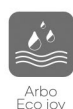

FASTEST INSTALLATION DUE TO THE PNEUMATIC HOSE

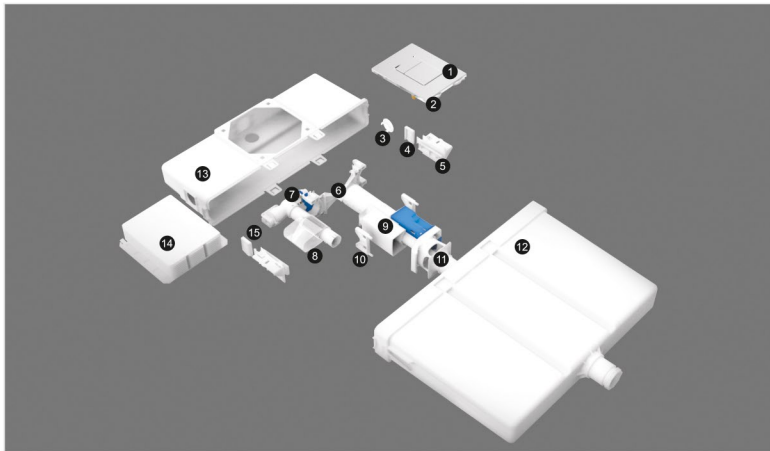

Only Two Crews are Needed for the Retaining Frame. There is no longer any Need For separate depth adjustment. The connection to the flush plate is established simply by attaching the pneumatic hose. Thanks to Easy Connect there is no More Measuring or Cutting to Length

FEATURE OF PNEUMATIC CONCEALED CISTERN

- 80mm extra slim cistern fits easily even in partition walls
- Fiber glass mesh net for proper holding in installation
- Tank water capacity 10 ltr.
- Water supply from top
- Water level adjustment with a special lever
- For way direction adjustable flush pipe
- Better flushing performance due to 51mm inner dia outlet pipe
- Water filling in tank time 3 min.
- 10 ltr. Water release time 3.75 seconds
- Water saving dual flush

WARRANTY

ARBO products, severely tested before being sold on the market, are guaranteed to be free from defects of workmanship for a period of Seven (7) years (for the chrome finish) and for a period of two (2) years all other finishes from the date of purchase by the original purchaser. The warranty on the cartridges and the spindles of the mixers is valid for 2 years.

This warranty includes:

01. Casting defects. Porosity defects. Chrome plating defects.
02. The repair and replacement of the defective part after the tests of our technical department and upon presentation of the purchase proof, as evidence of the date of purchase.

This warranty is no longer valid in the following cases:

01. Damage to the chrome finish caused by the use of cleaning products containing acids or abrasive substances.
02. Damage to finishes, other than chrome. The durability depends, in fact, on the care of the maintenance from the end user's side.
03. Damage to the faucet caused by improper installation.
04. Damage to the faucet caused by improper repairs and maintenance and without previous authorization of the Factory.

This warranty does not include:

01. Labor charges for the removal and replacement of defective parts and claims for direct or indirect, suffered or incurred damages.

The warranty of ARBO cannot be renewed.

N.B.: It is strongly recommended that the cleaning of the chrome, brass and colored surfaces is made with soap and water, using a soft cloth.

STANDARD PACKAGING

In order to place the order more easily by complete cartons, we listed beside most items the quantity contained in each standard carton.

IMAGE DISCLAIMER

The product images & Technical Drawing shown may represent the range of product, or be for illustration purposes only and may not be an exact representation of the product. The product attributes e.g. Number of Water Outlets, Aerator Type, Application Place, Installation type, Water connection thread, Faucet Sizes, Twin Lever Control, Sheath Color, etc. vary with each unique part number. ARBO will issue a sample or send exact images upon request and if available from stock. We recommend that customers liaise with the products please do so accordingly.

Please contact our sales department to request a sample or image if required: info@arbobath.com

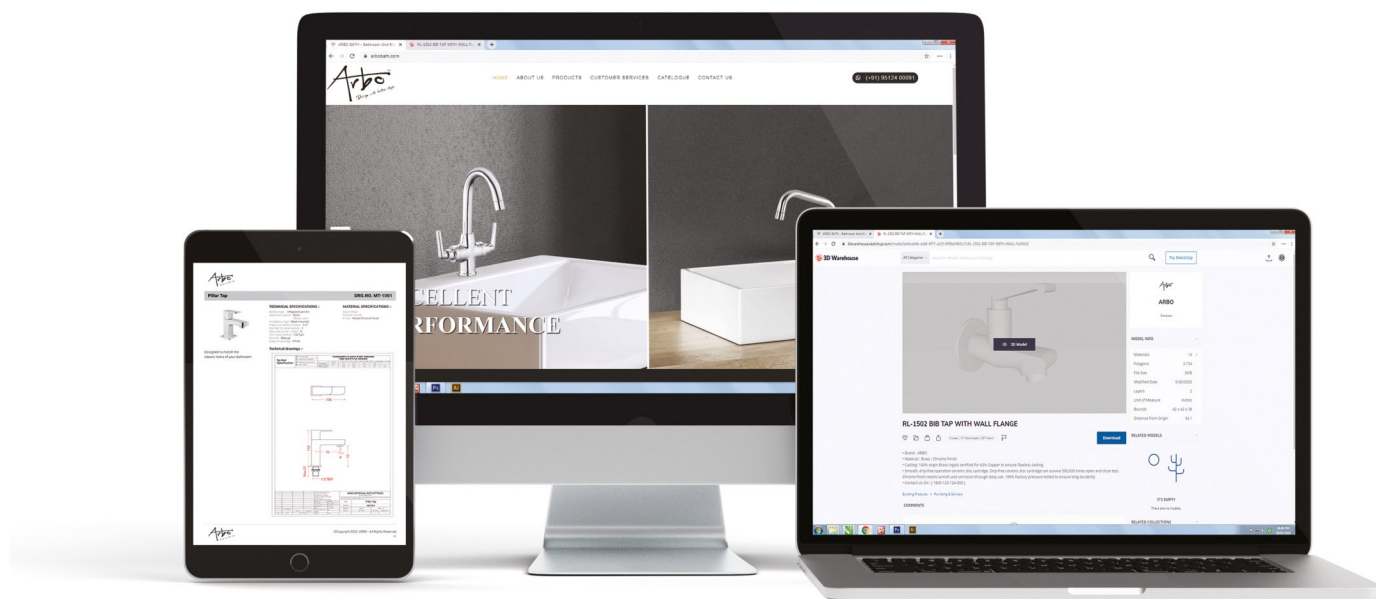

"ARBO ARTIFICIAL BATH FITTINGS reserves the right to change product images at any time without notice".

CUSTOMER GUIDELINE

01. Look for ARBO logo on all products.
02. Buy company products from company's authorized dealers only to ensure genuine quality materials.
03. To ensure uninterrupted pressure of water, it is advisable to keep the pipelines with minimum number of bends, which will support smooth flow of water.
04. All the supply lines must have vent pipes. these vent pipes help in removing air-locking in the water supply to give a smooth flow of from the fittings.
05. Use 25mm pipelines rather than 20mm which will help in overcoming scaling inside the pipelines and will sufficient space for the water flow.
06. Place the outlet point in the overhead tank least 25 cm above the ground level of the tank. this prevents the flow of foreign particles, sand etc., along with water supply into the fittings and thereby prevents the possible damage to the working parts. clean the tank thoroughly before the supply starts. it is suggested that the overhead tank must be cleaned at regular intervals to avoid inflow of foreign particles.
07. Clean the aerators provided in the items at regular intervals for a perfect foam flow of water from the fittings.
08. To product the fine finish of fittings from dirt, stains and other damages during construction, cover them with cloth or polypack after their installation, till they come into actual use.
09. Clean the fittings regularly with normal soap or remove scaling or stains. do not use strong detergents as this may cause damage to the chromium finish used on all company products.
10. It is suggested that center to center distance for hot & cold inlet for all wall mounted mixtures should be maintained at 165mm where any of our wall mixers from different ranges can be easily installed without any problem.
11. Do not use harsh cleaning agents containing abrasives and acids. instead, use a soft sponge or wetcloth with soapy water or diluted vinegar to protect the colour coated finish.
12. Insist on genuine spares from company's local service center or its authorized stockiest in case of any repair or replacement.
13. For any type of technical or service assistance, please contact the nearest company branch office, area representative or dealer.
14. Please strictly follow the instruction manual for correct installation & maintenance.
15. In case of conflict of opinion, the final decision should be vested with ARBO.
